

# THE ECOPOLITICS OF COHABITATIONS: HISTORIES AND FUTURES OF VECTOR-CONTROL (AS A GLOBAL CONCERN)

## *Tuesday, 12<sup>th</sup> of September*

Arrival

- 16:30: Welcome by the organisers
- 17:00: Opening Keynote:  
**Hugh Raffles** (The New School, USA)  
*“Deep Cohabitation: Inside Insect Worlds”*
- 18:00: Discussion
- 19:00: Conference Dinner

## *Wednesday, 13<sup>th</sup> of September 2017*

- 9:00: Keynote: **Ernst A. Wimmer** (Georg-August University Göttingen, Germany)  
*“Insect-control technologies: history, present, future”*
- 10:00: Discussion
- 10:30: Coffee

### *Global Entanglements of Vector-Control*

- 11:00: **Tahani Nadim** (Naturkundemuseum/HU Berlin, Germany)  
*“Of bodies changed to other forms I tell”*
- 11:45: **Meike Wolf & Kevin Hall** (University of Frankfurt, Germany)  
*“The management of invasive alien species in Europe: making borders matter?”*
- 12:30: **Marko Monteiro** (University of Campinas, Brazil)  
*“On irresponsibility in times of crisis: learning from the response to the Zika virus outbreak”*

13:15: Lunch

### ***Histories and Futures of Vector-Control***

14:15: **Manuela Bauche** (Naturkundemuseum Berlin, Germany)  
*"Controlling humans. Malaria control in Cameroon, East Africa and East Frisia 1890-1919"*

15:00: **Kerstin Pannhorst** (Humboldt University Berlin, Germany)  
*"Agricultural pests, research specimens and the decorative arts: collecting insects in Formosa"*

15:45: Coffee

16:00: **Lisa Onaga** (Nanyang Technological University, Singapore)  
*"From germs to germplasm: The history of banking on Bombyx mori futures"*

19.30 Dinner

### ***Thursday, 14<sup>th</sup> of September 2017***

9:00: **Uli Beisel & René Umlauf**  
*"Recap from Day 1 and introduction to day 2"*

### ***(Hybrid-)Technologies for Vector-Control***

9:30: **Javier Lezaun** (Oxford University)  
*„Feral technology: vector control in the age of gene drives“*

10:15: **Luisa Reis-Castro** (MIT, USA)  
*"National Experiments: Modified Mosquitoes, Regimes of Health, and the Idea of Brazil"*

11:00: Coffee

11:30: **Sandrine Dupé** (Muséum National d'Histoire Naturelle, Paris)

*„The borders in question at the heart of mosquito cells“*

12.15:        **Túllio Maia** (Universidade Federal de Sao Carlos, Sao Paulo, Brazil)  
*“Small biters: a “more-than-vector” approach for human-mosquito relationship“*

13:00:        Lunch

***Shifting frontiers: Science and knowledge boundaries in vector control***

14.00:        **Rene Umlauf** (Martin Luther University Halle/Wittenberg, Germany)  
*“Whose immunity is it anyway? Legal and ethical implications of malaria prevention in Northern Uganda“*

14:45:        **Guy Reeves** (Max Planck Institute for Evolutionary Biology, Germany)  
*“Mass releases of genetically modified insects in area-wide pest control programs and their impact on organic farmers“*

15:30:        *Coffee Break*

16:00:        **Richard Rottenburg** ( Martin Luther University Halle/Wittenberg)  
*“The Ecopolitics of Cohabitation: discussion of the papers and issues“*
